FREE SAMPLE | 8 ACTIVITIES

This free sample includes 8 step-by-step directed drawing activities from the full 55-activity resource for students in Grades K-2 (ages 5-8). No extra prep needed. Simply choose a page, print, and go.

The 8 activities in this sample are one from each theme in the book, so you can see the full range before you decide.

How Each Activity Works

1. Follow the Steps: Students see how a drawing is built step by step using simple lines and shapes.
2. Trace: Students trace the completed drawing, reinforcing hand movements and building confidence before drawing independently.
3. Draw & Color: Students recreate the drawing on their own and then color it.
4. Trace & Write: Students trace and independently write the English word, reinforcing vocabulary and handwriting.

For Early Finishers

Small themed illustrations and lettering on each page can also be colored. Students can also use the extra space around their finished drawing to add their own details and create a scene: trees, grass, rocks, the sun, clouds, or anything they imagine.

This gives early finishers a meaningful way to keep creating and working independently at their own pace.
